

THE TWELFTH TAI SITUPA

Appointment

07/01/2013

Since the time of Great Mahapandit, the 8th Kenting Tai Situ Choekyi Jungney, The Palpung Monastic Seat has been important for the preservation of eight lineages of Vajrayana Buddhism and study of the ten aspects of knowledge. To continue this unbroken tradition, the use of modern technologies is crucial for the Palpung Monastic Seat to reach many individuals, for which the Palpung Media Studio དཔལ་ལྷོང་སྐྱེ་བཟོན་ཁང་། has been established.

Understanding the breadth and complexity of contemporary media and communication outlets, I hereby appoint the Very Venerable Thutop Rinpoche to be solely in charge of the Palpung Media Studio, དཔལ་ལྷོང་སྐྱེ་བཟོན་ཁང་། which has the exclusive authority to preserve and disseminate all authentic Palpung Monastic Seat teaching material in the form of audio, video, print or other digital media. At the same time, all the necessary legal requirements, including the protection of intellectual property, pertaining to these publications in whatever language, format or media they are presented must also be satisfied, with the expressed approval of the Very Venerable Thutop Rinpoche.

With prayers and blessings,

The Twelfth Kenting Tai Situpa
